**TIME PERIODS FOR FILING A REPLY TO THIS NOTICE:**

1. Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted.
2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. **Abandonment** of the application if the non-compliant amendment is a non-final amendment or an amendment filed in response to a *Quayle* action; or

**Non-entry** of the amendment if the non-compliant amendment is a preliminary amendment or supplemental amendment.

Continuation of 5 Other:

First and foremost, the applicants are cordially thanked for the 'Response to Election of Species Requirement' filed 26 December 2006. However, at least one non-compliance error has been discovered in the aforementioned response, requiring attention before examination may continue.

As explained in the Restriction Requirement (mailed 20 September 2006), "Applicant is advised that a reply to this requirement must include an identification of the species/sub-species that is elected consonant with this requirement, and a listing of all claims readable thereon, including any claims subsequently added" (see Page 3, Last Paragraph of the Restriction Requirement mailed 27 November 2006).

The 'Response to Election of Species Requirement' filed 26 December 2006 states, "Applicants assert that at least claims 2, 3, 9, 15, and 21 read on [the elected] species."

However, claim 2 was canceled in the 'Revised Amendment Under 37 C.F.R. 1.111' filed 15 September 2006 (see Page 3 of said Amendment). Furthermore, elected claim 3 is dependent upon nonelected claim 1.

Therefore, the applicants' 'Response to Election of Species Requirement' filed 26 December 2006 renders it unclear which claims the applicants actually intended to elect. The applicants are respectfully requested to identify which pending claims are specifically drawn to elected Species II.

By such reasoning, this Notice of Non-Compliance is deemed necessary and proper at this time.

Please note: The response has not been checked to the extent necessary to determine the presence of all possible non-compliance errors. If additional issues of non-compliance are discovered at the time of a subsequent response, yet another Notice of Non-Compliant Amendment will be necessitated. Applicants' cooperation is requested in correcting any other errors of which applicants may become aware.
